

CLIENT TESTIMONIALS

(I particularly liked)... The concern for my project expressed by Accutek It is refreshing to work with a vendor who expresses interest in the work and not just a job.
Engineer, Aerospace and Defense Industry

*I like the fact that Accutek...always answers my questions and requests in a prompt manner.
(Accutek is) easy to work with.*
QA Manager, Fastener Industry

*Right now, I'm very happy with Accutek's service; the correspondence with the Project Engineer has developed to a point where I always feel very up-to-date with the status of all projects. I particularly liked Accutek's availability and willingness to respond to specific requests quickly, along with your detailed test reports.
(The test engineer) has been especially helpful and quick to respond ... a pleasure to work with.*
Engineer, Medical Device Industry

(I particularly like Accutek's) Professional and friendly personnel.
Engineer, Aerospace and Defense Industry

*Accutek was very helpful and very easy to work with.
(I particularly liked Accutek's) Speedy and personable service.*
Purchasing Manager, Fastener Industry

(I particularly liked Accutek's) Excellent customer service, especially when we need expedited service.
Customer Service, Medical Device Industry

(I particularly liked the) Time taken by the individual engineers to describe the services Accutek offers and to understand our business.
Engineer, Medical Device Industry
